

Do you have the house that will showcase our annual Design House event?

The Shelter for Help in Emergency is currently seeking applications to be considered for our signature fundraising event, Design House 2014. The search is underway for property with interior space of 5,000 sq.ft. to accommodate 20 designers, and exterior spaces including yard, decks, and patios to be used as design areas. Other areas of interest for hosting events and workshops include unfinished basements and garages. Parking on-site or nearby for shuttling visitors is necessary. The event requires unfettered access to the selected property from March through the end of May, with public tours for two weeks in early May.

The Design House event offers a great marketing opportunity with fabulous designers transforming what might be a tired or dull canvas into a living work of art. And, the designers' renovations give prospective buyers the opportunity to see the property at its best. The property will be highlighted across all our marketing efforts for the Design House event which brought in over 1400 visitors last year! So, please consider this opportunity as you look at your property list—fresh paint, fresh ideas and community support for a great cause!

Deadline for applications is December 1st! For more information, call or email Sarah Ellis at the Shelter for Help in Emergency at (434) 963 4676 or sellis@shelterforhelpinemergency.org.

DESIGN HOUSE PROPERTY APPLICATION

Property Address: _____

Property Owner: _____

MLS #: _____

Size of property: _____ sq.ft. Acreage: _____

Property is currently: _____ occupied _____ unoccupied
